BEGIN YOUR JOURNEY TOWARD SELF-IMPROVEMENT

Wine tasting is a genuine sensory experience, enabling individuals to immerse themselves in the olfactory realm, investigate aromas and terroirs, and acquire the specialized vocabulary associated with wine. Annually, thousands of participants, ranging from novices to seasoned professionals, engage in its training courses, classes, and workshops across Burgundy and France.

Its proximity to stakeholders in the wine industry—such as winegrowers, merchants, coopers, and restaurateurs—enables it to remain closely connected to the field and provide high-quality services. Since November 2022, the Bourgogne Wine School has become part of the Cité des Climats et Vins de Bourgogne, thereby enhancing the latter's expertise and leveraging its 50 years of experience.

L'École des vins de Bourgogne in Dijon, situated in the heart of the International City of Gastronomy and Wine (CIGV), provides a distinctive, fully immersive tasting experience.

This role is strategic and provides an additional avenue for exploring the Cité des Climats et vins de Bourgogne!
